

Candidate Profile for Elaine Souza

Running for Chiu School of Business

Tell us about yourself

My name is Elaine and I'm studying Business Administration Diploma - Human Resources Major. I love this area for treating and taking care of people because people are the center of any business. I arrived with my family from Brazil in August of this year. I am married, I have a 9-year-old daughter and also a dog. I started my academic journey in Bow Valley on September 6th and I want to be part of the student association.

What do you know about the Students' Association of Bow Valley College?

The Bow Valley College Student Association is committed to making the student journey easier. They are here every day to support and get benefits for students. They offer several important services. An example is Student Bike Locker Program. They promote campaigns with great affection to help the well-being of students. The aim is to make the student's life easier.

Diversity is a strength of SABVC. In your own words, how would you contribute to promoting diversity to the membership of SABVC?

I know Bow Valley has a lot of diversity. There are students of different nationalities, ages, family structures, etc... As a member of SABVC, I think about continuing the excellent work that is already being done. I also think about encouraging students to share more about their cultures, it is with information that we become knowledgeable about the subject. Respect and support for everyone, are important so that people feel represented and inserted in the context.

What is your platform?

I will be here to serve and help you find solutions! if you need help with anything, I'll be here. I will do my best, so you as a student will have the answers you need. If you have any questions, make a suggestion or just share something, please let me know. I will work together with SABVC to continue improving our environment.
